MOD006965859

Waste Reduction and Disposal:

Nucor Steel Birmingham is using the best available control technology (BACT) in the industry to collect and the best demonstrated available technology (BDAT) to dispose of the hazardous waste. Nucor Steel Birmingham will continue to look for ways to reduce the volume and toxicity of the waste generated at the plant and to look at available disposal methods.

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibilities of fine and imprisonment.

If you have any questions regarding this report, please feel free to contact Katie Roberts at (205) 264-8289.

Sincerely,

Francis W. Griggs  
Vice President/General Manager
